

Scholarship Online Search Engines

The following sampling of websites offer **FREE** scholarship search assistance.

www.collegeanswer.com

This site is hosted by Sallie Mae, Inc the student loan and education financing company. The database is expanded and updated daily. Every time you logon or update your profile a new search matches you with the latest info.

www.collegeboard.org

This site's online tool helps you locate scholarships, internships, grants, and loans that match your education level, talents, and background.

www.collegetoolkit.com

This site lets you search their database by geography, activities, interest, heritage etc.

www.fastweb.com

This site invites students to create a personalized profile that is matched against a database of scholarships. Registrants with the site receive emails when new scholarships are added to the databases that match their profile and reminders when application deadlines are approaching.

www.scholarshipexperts.com

This site allows for students to search for scholarships that match hobbies, interests, and academic background.
